

Healthy Waters Round Table

presents

BMP Inspection, Maintenance and Retrofit Workshops

Eastern Shore local government managers, planners and field operators are invited to grow their capacity to effectively treat polluted runoff and ensure public stormwater management facilities perform as intended. Workshops are led by expert trainers from the Chesapeake Stormwater Network. Lunch and a light breakfast are included.

For easy access, two workshops with the same content are offered:

Wednesday, October 5th – Chestertown

Hynson Lounge at Hodson Hall, Washington College from 8am-12:30pm

Wednesday, October 19th – Cambridge

Public Safety Building, 2nd Floor, 8 Washington Street from 8am-12:30pm

Preregistration is required by September 30, 2016.
